

CASE #20: THE MISSING GOLDEN PAW
Whiskerville has a problem.
Inspector Skunky Luke's Golden Paw Badge was placed inside the Detective Club trophy case last night.
This morning...
IT'S GONE. 🐾
The trophy case wasn't broken.
The door was locked.
And only four suspects were inside the Detective Club yesterday.
🕵️THE SUSPECTS
🦃Mr. Squibbles
Claims he was checking inventory in the storage room.
🐰Peter
Claims he was practicing keyboard in the music room.
🐱Sally
Claims she was cleaning the Detective Club windows.
🐱Snowball
Claims he was delivering supplies to the back door.
🔍THE CLUES
CLUE #1
A tiny golden paw print was found on the floor between the trophy case and the back door.
CLUE #2
The Detective Club security bell rang at 2:15 PM.
CLUE #3
The back door was found open.
CLUE #4
A blue thread was caught on the trophy case handle.
CLUE #5
One suspect's story says they never went near the back door.
🦴BONUS CLUE
Inspector Skunky Luke examined the golden paw print.
"This isn't from the paws of the thief... it's from the Golden Paw Badge itself."

That changes everything.
